

	Common disease		Rare mendelian		Somatic		NA	
Piflufolastat F-18 (Pylarify)								
Pafolacianine (Cytalux)								
Melphalan flufenamide (Pepaxto)								
Maribavir (Livtency)								
Ibrexafungerp (Brexafemme)								
Fosdenopterin (Nulibry)								
Fexinidazole (Fexinidazole)								
Cabotegravir; rilpivirine (Cabenuva Kit)								
Umbralisib (Ukoniq)								
Trilaciclib (Cosela)								
Tivozanib (Fotivda)								
Tisotumab vedotin (Tivdak)								
Tepotinib (Tepmetko)								
Sotorasib (Lumakras)								
Ropeginterferon alfa-2b (Besremi)								
Mobocertinib (Exkivity)								
Loncastuximab tesirine (Zynlonta)								
Infigratinib (Truseltiq)								
Dostarlimab (Jemperli)								
Belzutifan (Welireg)								
Asparaginase erwinia chrysanthemi (Rylaze)								
Asciminib (Scemblix)								
Amivantamab (Rybrevant)								
Vosoritide (Voxzogo)								
Voclosporin (Lupkynis)								
Viloxazine (Qelbree)								
Vericiguat (Verquvo)								
Tralokinumab (Adbry)								
Tezepelumab (Tezspire)								
Ponesimod (Ponvory)								
Pegcetacoplan (Empaveli)								
Olanzapine; samidorphan (Lybalvi)								
Odevixibat (Bylvay)								
Maralixibat (Livmarli)								
Lonapegsomatropin (Skytrofa)								
Inclisiran (Leqvio)								
Finerenone (Kerendia)								
Evinacumab (Evkeeza)								
Efgartigimod alfa (Vyvgart)								
Drospirenone; estetrol (Nextstellis)								
Difelikefalin (Korsuva)								
Dexmethylphenidate; serdexmethylphenidate (Azstarys)								
Dasiglucagon (Zegalogue)								
Casimersen (Amondys 45)								
Belumosudil (Rezurock)								
Avalglucosidase alfa (Nexviazyme)								
Avacopan (Tavneos)								
Atogepant (Qulipta)								
Anifrolumab (Saphnelo)								
Aducanumab (Aduhelm)
